THE ENDEAVORERS.

A Grand Rally at the Seventh-Street Church on Sunday.

MR. BUCHANAN ORDAINED.

He Is Set Apart for the Missionary Field-Opening of Immanuel Church-Notes About Sunday Services.

The pulpits of nearly all the Baptist, Methodist, and Christian, and of some of the Presbyterian churches of this city and Manchester were filled Sunday morning and at night by ministers attending

and Manchester were filed Sunday morning and at night by ministers attending the Disciples' conventions. The congregations, as a rule, were large and the weather delightful.

A notable surmon was that preached at Grace-Street Baptist church at night by Professor H. S. Willett, of the University of Chicago, His text was: "The Night Is of Chicago, His text was: "The Night Is appeal for Christien unity. In great cities like Chicago, he said, this was practically accomplished, for the ministers stood together. He referred to the fact that since time began some great event had marked the close of every two thousand years. He predicted that the end of the twentieth century would see, not unity in one denomination, but the union of Christians that our Saviour prayed for.

Big Christian Endeavor Rally.
At the Seventh-Street Christian church Sunday afternoon there was a grand Christian Endeavor raily.
The church was crowded, chairs having to be placed in the aisles to accommodate the throng. The services were opened with a song-service, conducted by Mr. Buckston, of Kansas City. The singing for a long time.

OTHER CHURCH NOTES.

The committee appointed by West-View Baptist church to select a pastor to success Heav. W. P. Pines, who recently resigned, met Sunday morning and decided upon a gentleman who they think will accept the call. They will recommend him to the congregation next Sunday morning, when it is probable that exil will be extended.

The audience at Union-Station Sunday worning, when it is probable that ex and will be extended.

The audience at Union-Station Sunday were used. Rev. J. Z. Tyler, of Cieveland, O., preached an eloquent sermon, subject: "Growth in Grace." The delinication of the successive steps in the development of the Christian life was clear and beautiful, and the discourse made a profound impression. The evening service was opened by the Young People's League, led by the Committee on Devolution, and Rev. J. Z. Tyler, of Cieveland, O., preached an eloquent sermon, subject: "Growth in Grace."

At the Seventh-Street Christian church Sanday afternoon there was a grand Christian Endeavor raily.

The church was crowded, chairs having to be placed in the aigles to accommodate the throng. The services were opened with a song-service, conducted by Mr. Buckston, of Kansas City. The singing was a decided feature of the meeting. Rev. J. Z. Tyler, of Cleveland, Ohio, former pastor of the Seventh-Street church, and chairman of the Executive Committee of the International Convention of 1884, presided. Dr. Tyler announced that there were six speakers to be heard, and each one would take six minutes, and no more.

Mrs. Helen E. Moses, of Kansas City, Mrs. Helen E. Moses, of Kansas City, addressed the audience on "Junier Work." She likened church-members to some trees she had seen that day. Two were young and straight, and two others of the same variety, but older trees, were gnarled and twisted. The straight trees were like young Christians, trained up to work in the Church, and to be of some service. In themselves and to others, to work in the Church, and to be of some service to themselves and to others, while the bent and twisted trees were like some older Christians, allowed to grow up without any attention, and adding no beauty or service to the cause of Christians.

VIEWS OF A MISSIONARY. The next speaker was the Rev. George T. Smith, formerly a missionary to Japan. He spoke on the necessity of Christian unity, and said he believed that the Christian Pudeavor Society was to be the instrument in God's hands of bringing about the desired result.

the desired result.

He was followed by Mr. George W. Muckley and Rev. F. M. Raines, both of whom delivered addresses short and to the point, and burning with zeal for the

Professor H. S. Willett, of Chicago University, occupied his six minutes with a talk on Bible study in connection with the Endeavor movement. He said that the great danger to the Word of God in the great danger to the Word of God in this generation was not from oppression, persecution, or ridicule, but from neglect, and impressed upon his hearers that mere reading of the Bible was not Bible study.

the Scriptures.
Mr. and Mrs. Saul, missionaries to China, both gave some intercating incidents regarding their work in that far-off

R. H. Waggener, of Kansas City, urged R. H. Waggoner, of Kansas City, urged upon pastors the necessity and duty of getting in line with this Christian-Endeavar movement and helping it with their counsel and their presence.

Dr. Tyler closed the very interesting services with a brief account of what the Cieveland convention planned to do the coming year in the way of missionary extension and good citizenship.

At the conclusion of Mr. Tyler's remarks the junior societies of the Disciples' churches occupied the platform, and an interesting programme was gone through with by the children.

Ordained as a Missionary. The First Presbyterian church was crowded Sunday night with a great assembly, gathered to witness the ordination of Mr. Walter McSymon Buchanan, a member of the congregation, as a missionary of the Presbyterian church.

There were present in the pulpit, Rev. a member of the congregation, as a missionary of the Presbyterian church.

There were present in the pulpit, Rev. Dr. Here were present in the pulpit, Rev. Dr. Her were present in the pulpit, Rev. Dr. Her W. Mr. Van Houten, Rev. Mr. Ver Ver, Rev. Dr. Reid, Rev. Mr. Stewart, Rev. Dr. Richardson, and Rev. Dr. Smith.

Mr. Buchanan was born in Scotland, whence he was brought by his parents, while very young, to Virginia, His father is a highly-esteemed business-man and citizen of Richmond, who has already given an older son to the work of missions in Japan. Rev. Mr. Walter McS. Buchanan is a graduate as Bachelor and Master of Arts of Richmond College, and also a full graduate of Union Theological Seminary. Prince Edward county, Va. Dr. Kerr presided as moderator, and called the presbytery to order, at the beginning. Dr. Hoge preached an eloquent, and instructive sermon on "The Apostle Paul—The Model Missionary," his text being from the book of Acts, chapter ix, fifteenth verse. After the sermon Dr. Kerr propounded to the novitlate the constitutional questions and yows, which were followed by the laying on of the hands of the presbytery and the ordination prayer by Dr. Kerr.

A SOLEMN CHARGE. A SOLEMN CHARGE.

A SOLEMN CHARGE.

A solemn charge was then addressed to the newly-ordained minister by Dr. Kerr, in which he urged the supreme importance of the minister of God being a scholar versed in both secular and sacred literature, being addicted to prayer, and able to preach the "whole counsel of God."

counsel of God."
Rev. S. H. Chester, who is the General
Assembly's secretary of foreign missions,
made a few impressive remarks, and,
after a hymn, the proceedings terminated
with the benediction, pronounced by the Rev. Mr. Buchanan.

Those who were present were pro-foundly impressed with the simple dignity

and solemnity of the occasion.

Mr. Buchanan is not to go to the foreign field until next spring, and in the mean time will continue to serve the Westminster Presbyterian church, in the

Immanuel Church Opened.

Immanuel Church Opened.

Services of a very interesting character marked the opening on Sunday of Immanuel Baptist church, just erected on Fifth street, a short way north of Leigh. Dr. Cooper, of the First church, preached a fine sermon in the morning on "Heaveniy Echoes," and the formal opening exercises were held in the afternoon. Dr. Nelson, the pastor, presided; addresses were made by Messrs. Wright, Hiden, and Landrum; Dr. Cooper and Rev. Messrs. Hines and Bagby also took part. There was a good congregation in Rev. Messrs. Hines and Bagby also took parf. There was a good congregation in the morning, and the house was crowded to overflowing in the afternoon. The aisles and pulpit platform had been nicely carpeted, and paims and flowers lent at-tractiveness to the occasion. Dr. Cooper will preach at Immanuel every night this week, and the public will be wel-ocme.

The Proposed Church Conference. The Proposed Church Conference.

Nearly every Episcopal minister in the city was in attendance upon the meeting of the Clericus yesterday. The session was a long and interesting one. Further discussion of a general character ensued upon the question of the relation of the Church to the masses of the people. At a previous meeting of the clericus it had been agreed that the preachers of the city should be invited into a general conference upon this matter. ference upon this matter.

Mr. Nugent moved yesterday that a committee be appointed to see the leading ministers of the several denominations in the city in order to ascertain their

田

ing ministers of the several denominations in the city in order to ascertain their views concerning the contemplated conference of the clergy for the discussion of means for bringing the Church in closer touch with the people. This was adopted, and the Chair named as that committee Rev. Dr. John K. Mason and Rev. Mr. Nugent.

The committee appointed to draft resolutions in honor of the memory of the late Rev. Dr. Charles Minnigerode made its report. The resolutions spoke of the large usefulness and noble work of that minister, his sympathetic nature and splendid intellect, the influence of his brilliant and blameless life, and referred to the debt of gratitude owed to him by every true Virginian for his devotion in days of trial and suffering and for his ministrations to their chief in his darkest hours. The conclusion of the paper

printed and a copy sent to the griefstricken family.

There will be a mass-meeting of the
Brotherhood of St. Andrew in the city
at Monumental church Sunday afternoon
next at 4:45 o'clock.

Rev. M. T. Turner, formerly of Alaboma, is spending some days with friends
in the city. He was present at the Clericus meeting yesterday.

Rev. Dr. John K. Mason preached a
special sermon at St. James church Sunday morning on Sunday-school work. His
text was "Feed My Lamba." Many children listened attentively to the discourse.

Rev. William Bragshaw, of Home-stead, Pa., is in the city, stopping at Ford's Hotel.

OTHER CHURCH NOTES. The committee appointed by West-View

at Broad-Street Methodist church at night was one of the best heard in Richmond for a long time. The sermon of Rev. Dr. J. H. Garri-son, of St. Louis, at the First-Baptist

recited that in the death of Rev. Dr. Minnigerode the Church, the State, and the nation sustained great loss. The deepest sympathy of the Clericus was expressed to the family of the deceased, and the resolutions were ordered to be printed and a copy sent to the grief-stricken family.

There will be a mass-meeting of the Brotherhood of St. Andrew in the city at Monumental church Sunday afternoon next at 4:55 o'clock.

Rev. M. T. Turner, formerly of Alaboma, is spending some days with friends in the city. He was present at the Clericus meeting yesterday.

noon. He is a returned missionary from Japan.

Rev. H. M. Battle, of Petersburg, who is assisting Dr. Dill in a meeting at Venable-Street church, read a well-prepared paper before the Baptist Ministers' Conference yesterday morning for criticism.

Revival services are bying held at Trinity Methodist church this week.

The meeting at the Broad-Street Mission Sunday night-was well attended, and interest manifested. One person who had been living in dissipation came forward and gave good evidence of true galvation. An announcement was made for special "all-day" meetings on Thursday and Friday of this week. They will be held from 920 to 1: 3 to 6, and again at 8 P. M. All are cordially invited. The day gatherings are especially for Christians.

Railroad Meetings To-Day.

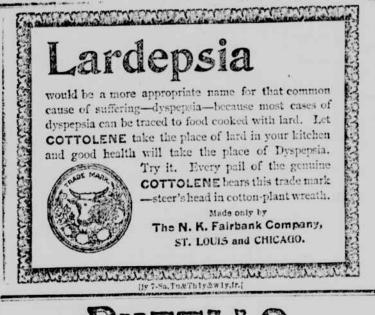

Railroad Meetings To-Day.

The first annual meeting of the Southern Railway Company will be held in this city at \$23 o'clock this morning. President Spencer, Secretary Ewen, and several of the prominent officials and directors of the road will be here. It is not likely that a report of the company's earnings will be read, as its fiscal year only ended last June.

The Chesapeake and Obio Railway Company will hold its annual meeting in its offices here at 10 o'clock to-day. The session will be purely a formal one. Reports for the year's work have been out for some time.

Wednesday Club Rehearsal.

The regular rehearsal of this club will he held on Wednesday of this week, in-stend of Tuesday, at 8 P. M. at the Young Men's Christian Association Hall, All the members are requested to be

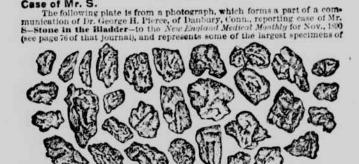

BUFFALO

A Powerful and Only Known Solvent of Stone in the Bladder-its value in Bright's Disease of the Kidneys, Gout, &c.

Case of Mr. R. L. ROYS, of Meriden, Conn. The following plate is from a photograph, which accompanies a report made by Dr. C. H. Davis, of Meriden, Conn., of the case of Mr. R. L. Koys-Gione in the Riadder-to the New Eighted Medical Monthly for July, 1830 (see page 466 of that Journal), and represents some of the largest specimens of Dissolved Stone discharged by Mr. R. under the action of

mens of Calcult discharged by Mr. Roys. A chemical and microscopics and should that they are Uric Acid, with a trace of the Ozulate of Lime.

N. B.—We are pleased to say tuat Miss KATE ANDERSON is with us again, and will be glad to see her numerous friends and customers.

Fibre Chamois.

The new interlining. Every lady who tries it once becomes infatuated with it. It is absolutely wind proof, and no garment in which it is used as an interlining can be penetrated by wind or cold.

FIBRE CHAMOIS is made of felted fibre of the spruce tree. It is as soft as a chamois skin, and yet so tough that it can be plaited and sewed like cloth. For dress waists it is a perfect interlining. Besides being the best possible article for the purpose of securing warmth it is claimed to be superior to crinoline-to grass cloth and to hair cloth-when used for all purposes in which these linings are used in dressmaking. On account of its greater cheapness the whole skirt may be lined with FIBRE CHAMOIS, and the skirt when so lined will hang better than if lined with hair cloth. For puffed sleeves it is superior to anything yet produced. Skirts and puffed sleeves lined with Fibre Chamois may be crushed or packed in the most careless manner and show no signs of creasing. Dressmakers who are using the Fibre Chamois say they much prefer it to hair cloth, as it is much more easily handled and sewed. FIBRE CHAMOIS is 64 inches wideand for sale at the lining counter.
